Welcome to Maths Is Fun

Explore the site, it's fun and easy to understand!

Need something? Use the search on the left side.

Can you measure 6 liters using just a 9-liter and 4-liter bucket? Try [these math puzzles](#)

Icosahedron
A what? Find out at [platonic solids](#)

Be Ready In Maths
Always be ready in Maths with these [times tables](#). Ready for you to print out and stick in your maths exercise book.

Test Your Times Tables
Test your tables from twos to twelves with this interactive quiz.
[Test Your Tables](#)

Shapes
[Polygons](#)
[Areas](#)

Logic Puzzle
Try this really difficult logic puzzle.
[Who owns the fish](#) or the new logic puzzle
[Who owns the crocodile](#)

Teacher's Page
Inspire your class ... read our suggestions!

Worksheets
Test your math skills! Ace that test! Print out these [free math worksheets](#) and work on them at leisure.

Time Out!!!
If you have been working hard enough relax with some games from Maths Is Fun.
[Take me to the games](#)

Connect 4
Can you beat it!

Choose a level or a subject

Addition	Level 1
Subtraction	Level 2
Multiplication	Level 3
Division	Level 4
Fraction	Level 5
Decimal	Reset
Measurement	Example
Graphs	Prize

0:00

Correct! $5 \times 0 = 0$. Try the Next Problem

15
× 18

270

Select 1 or more problem types:
 Multiplication
 Division
 Subtraction
 Addition

Select largest number to use:
25
